

You're invited

Nanoscience Laboratories Open House

The Nanoscience Undergraduate Laboratories are now equipped with leading edge equipment. Please come by to see the new nanoscience facilities. Find out how a scanning electron microscope works and what you can “see” with it.

Date:

Wednesday, October 14, 2009

Place:

Science Complex Rm 2109 & 2110

Time:

1:30 to 4:30 pm

Please join us for some cake and refreshments, as well as a tour of the nanoscience undergraduate facilities.
